SKILLS

- Python
- SQL
- Pandas
- Numpy
- Scikit-Learn
- Matplotlib

LANGUAGES

- English: Proficient
- Nepali: Proficient

INTERESTS

- Chess and Puzzles
- Reading Tech Blogs
- Open Source Contributions

HOBBIES

- Video Games
- Music

PROFILE

I am a computer engineering student with passion for continuous learning. I am skilled in problem-solving and have strong background in computer science. I am a strong communicator and enjoy working collaboratively with others.

WORK EXPERIENCE

Freelance Data Projects

Remote, Hemja, Pokhara-25 JUN 2024 – Present

- Conducted exploratory data analysis on Kaggle datasets.
- Built a recommendation system for a mock e-commerce platform using collaborative filtering.

Internship at Dishhome

ChipleDhunga, Pokhara-8 SEP 2023 – JAN 2024

- Assisted in cleaning and preprocessing large datasets using Python (Pandas, NumPy)
- Built predictive models using Scikit-learn to forecast customer churn.
- Created dashboards in Tableau for client reporting.

EDUCATION

Bachelor in Computer Engineering

June 2021 – April 2025

Pashchimanchal Campus, Tribhuvan University, IOE

+2 in Science

April 2018 – July 2020

SOS Hermann Gmeiner Secondary School, Gandaki
